

Given big_num.h and big_num_driver.cpp implement, the big_num class so that the main in big_num_driver.cpp will work. Do not change the main it is good. see examples

```
vocstartsoft:~/environment/Lab6 $ ./BigNum
Enter a number: 98347901287
Enter a number: 38120383
98347901287 + 38120383 = 98386021670
vocstartsoft:~/environment/Lab6 $ ./BigNum
Enter a number: 99999
Enter a number: 1
99999 + 1 = 100000
vocstartsoft:~/environment/Lab6 $ ./BigNum
Enter a number: 321
Enter a number: 82344234789
321 + 82344234789 = 82344235110
vocstartsoft:~/environment/Lab6 $ 
```
